

Dental Foundation Training Escalation Process (Training Issue)

Dental Foundation Training Escalation Process (Non-Training Issue)

NIMDTA must forward all non training issues brought to their attention as NIMDTA does not have remit to investigate any issues outside of training. PDD will forward to SPPG/ RQIA/ GDC as appropriate. NIMDTA's Chief Executive Officer will also be informed of the escalation process.

* Where a non-training issue has been raised and resolved at practice level, this matter should still be highlighted to the APDD for information.

Glossary
